

A Letter From God To You

I think you are precious and valuable. I paid a great price for you and bought you from out of slavery and have given you eternal life because I love you so much. You are no accident!

Before the earth was even created I had you in mind. I formed you in your mum's womb. I made you in my image, completely unique with special gifts and skills.

I know everything about you and care about everything to do with you. You are mine forever.

A Letter From God To You

I think you are precious and valuable. I paid a great price for you and bought you from out of slavery and have given you eternal life because I love you so much. You are no accident!

Before the earth was even created I had you in mind. I formed you in your mum's womb. I made you in my image, completely unique with special gifts and skills.
